

Action Team Membership
Sacramento Transit Advocates and Riders (STAR)

The STAR Action Team is composed of STAR members who have committed to taking a leadership role in governing the organization and responding to transit issues in the region.

Members in good standing of the Action Team will:

1. Attend at least 20% of the Action Team meetings during the year. At this time, the Action Team meets monthly on Saturday mornings, but frequency and schedule may change.
2. Respond to votes by email. STAR prefers to vote in person at Action Team meetings, but sometimes votes by email on late-breaking issues of a critical nature.
3. Review documents before the meeting for the major agenda items. Time will not be spent at Action Team meetings going over background documents which were available ahead of time.
4. View the STAR Facebook group and/or blog at least once per month.
5. Use transit in the Sacramento region at least twice per year.

Action Team members may:

1. Serve as a liaison to other organizations or agencies, ensuring effective communication between STAR and the community.

STAR maintains an email list for Action Team members. Persons who are not Action Team members will be placed on the Core or Inform email lists. The core list is for people who want to be informed of most of the activities of STAR and related to transit in the region, and includes STAR Action Team announcements and agendas. The inform list is for people who have some interest in STAR and transit, but not enough time to keep up and want few emails.
