## SacRT Employee Recognition Program

As one of the great places to work in the Sacramento region, SacRT has always placed a high priority in investing and celebrating its workforce through a multifaceted Employee Recognition program – This is evident in the high employee satisfaction rating.

And to keep the program motivating, SacRT is always seeking new ways to highlight the significant achievements of its workforce. Starting this month, SacRT will publicly recognize major milestone anniversaries of employees during monthly Board of Director meetings.

Because so many employees are proud of their achievements, and management wants to acknowledge as many employees as possible, this month's recognition will include active team members reaching major anniversary milestones (5 years plus) from January 2024 through January 2025. ## Watt/I-80 Transit Center Improvement Project Update

Due to construction at the Watt/I-80 Transit Center, a bus bridge (shuttle bus between stations) will be in place on the Blue Line on the following Thursday evenings in January:

**Thursday, January 2 and Thursday, January 9, 2025:**

No light rail service at Watt/I-80 Station. Instead, there will be a bus bridge between Watt/I-80 and Roseville Road stations from 8 p.m. to end of service. **Note:** during the Watt/I-80 Station closure, riders needing to board light rail traveling toward downtown need to catch the special shuttle bus to Roseville Road on the northbound side of Watt Avenue (upper level). The southbound stairway and elevator at Watt/I-80 Transit Center is closed through May 2025. Riders can use the northbound stairway or elevator to access Watt Avenue.

The bus stop located on the southbound side of Watt Avenue (upper level) is temporarily closed due to construction activity on Watt Avenue. Riders can catch the bus at an existing bus stop in front of Sacramento Inn & Suites (formerly Red Roof Inn) located at Watt Avenue near Longview Drive. Learn more about the project and bus bridge information at [sacrt.com/WattI80](https://sacrt.com/WattI80).

## Get \$2 Off Admission at the Downtown Ice Rink

A Sacramento tradition, the Downtown Sacramento Ice Rink presented by Dignity Health is open through Monday, January 20, 2025, in Ali Youssefi Square (7th and K streets). ## SacRT Launches Bus Stop Enforcement Program

SacRT, in partnership with the City of Sacramento, has launched the Bus Stop Enforcement Program to improve safety and accessibility for all riders.

Has Extreme Weather  
Impacted Your Mobility?  
Share Your Feedback

Summer heat and winter storms are nothing new for Sacramento. However, these events are becoming more frequent and intense as a result of climate change. The City of Sacramento and SacRT are taking action to prepare for these changes through SacAdapt.

SacAdapt will guide the City and SacRT in preparing for climate impacts—like extreme heat, flooding, and high winds—to our transportation system.

Our first step is to understand how existing and future extreme weather events are impacting our transportation system. We want to hear from you about how extreme weather has impacted your travels around Sacramento!

Take the survey and learn more about the SacAdapt project at [sacrt.com/sac-adapt](https://sacrt.com/sac-adapt).

Construction Continues  
at the Watt/I-80  
Transit Center

During February, construction activities at and around the Watt/I-80 Transit Center will continue with some impacts to bus riders.

Work on the southbound side of Watt Avenue continues through May, and the SacRT bus stop located on the southbound side of the upper level of Watt Avenue remains closed during this time. Affected bus routes include 1, 26, 84 and 93. Riders can catch the bus at an existing bus stop in front of Sacramento Inn & Suites (formerly Red Roof Inn) located further down Watt Avenue toward Longview Drive. As this work continues, the southbound elevator and stairs remain closed. Riders can use the northbound elevator or stairs to get to the upper

level. The northbound bus stop is not impacted at this time.

Work is also underway on the eastbound I-80 onramp on the south side of Watt Avenue. This impacts pedestrians who are crossing Watt Avenue to board their bus. Pedestrians crossing Watt Avenue will now need to use the traffic signal at Longview Drive.

## Honor Rosa Parks and Celebrate Transit Equity Day with Free Bus Rides!

SacRT invites you to join us in commemorating the life and legacy of Rosa Parks on **Transit Equity Day**, Tuesday, February 4, 2025. Rosa Parks' brave act of defiance on a bus in 1955 ignited

a movement for civil rights and transit equity, paving the way for greater accessibility and inclusivity in public transportation.

In honor of her contributions and her birthday, all rides on SacRT's fixed-route buses will be FREE with a free ride flyer on this special day.

As a tribute to Rosa Parks, we are designating a seat at the front of every bus with a special "**Reserved for Rosa Parks**" sign. This gesture serves as a reminder of her courage and the ongoing importance of equity and inclusion in transit. For more information, visit [sacrt.com/transitequityday](https://sacrt.com/transitequityday).

## Bus Stop Enforcement Program Begins Issuing Citations February 18

Starting Tuesday, February 18, 2025, the City of Sacramento will begin issuing citations to vehicles parked illegally in bus stops as part of SacRT's Bus Stop Enforcement Program. Launched in December 2024, the program aims to improve rider safety, accessibility, and service reliability.

Since the program began, more than 1,400 warnings have been issued to vehicles obstructing bus stops. Starting February 18th, citations will be mailed to the registered owner of any vehicle detected blocking a bus stop or bike lane. The program uses AI-enabled cameras on 100 SacRT buses, with evidence reviewed by the City before citations are issued.

Keeping bus stops clear helps ensure safer, more efficient service, especially for seniors and individuals with disabilities. Learn more at [sacrt.com/safebusstops](https://sacrt.com/safebusstops).
